INFORMATION ON SALES AND USE

To better assist our clients, we have prepared the following information on Sales and Use Tax relative to property purchased at auction.

WHY DOYLE NEW YORK COLLECTS SALES TAX

Virtually all State Sales Tax Laws require a corporation to register with the State's Tax Authorities and collect and remit sales tax if the corporation maintains a presence within the state, such as offices. In the states that impose sales tax, Tax Laws require an auctioneer, with a presence in the state, to register and sales tax collection and remit sales tax collected to the state. New York sales tax is charged on the purchase price, buyer's premium and any other applicable charges on any property picked up or delivered in New York, regardless of the state of origin in which the purchaser resides or does business.

WHERE DOYLE NEW YORK COLLECTS SALES TAX

Doyle New York is currently registered to collect sales tax in the following states: New York and the District of Columbia.

For any property collected or recovered by the purchaser in New York City, with property is subject to sales tax at the existing New York State and City rate of 8.375%.

If the property is delivered into any of the states in which Doyle New York is registered, Doyle New York is required by law to collect and remit the appropriate sales tax on either in the state where the property is delivered.

Property collected from outside New York premises by auctioneers on behalf of the purchaser for delivery to the purchaser, as the address outside of New York is not subject to New York Sales Tax, it is delivered by the purchaser's carrier to any of our offices where Doyle New York is required to collect local tax. Applicable tax will be added to the purchase price.

If your business is located in a jurisdiction that imposes sales tax on the sale of goods, it may be sold at a tax exempt purchase.
